State Tournament Bound

Unbeaten in district play last week, the Morgan County 11 and 12 year old All-Stars are front, from left, Jamie Haney, Jarrad Burton, Mikey Whisman, Joey Stamper, Noah Kelsey, Hunter Adams; back, from left, Coach Jarrod Hammonds, Braxton Patterson, Ryan Hanson, Michael Williams, Zach Bartley, Taylor Havens, and Coach Mark "Polo" Easterling. The Morgan County All-Stars advance to the state tournament in Louisville, where they will begin pool play Saturday at 9:00 a.m.

Little League All-Stars go undefeated in district tourn.

In a first-ever achievement for a Morgan County Little League Baseball 11- and 12-year-old All-Star team, this year's contingent, coached by Mark "Polo" Easterling and Jarrod Hammonds, went unbeaten in district play at Paintsville last week to earn a berth in the state Little League Tournament. The locals will open pool play in the state playoffs in Louisville this Saturday at 9:00 a.m.

After going undefeated in pool play at Paintsville, Morgan County withstood a dramatic nine-inning semi-final battle to stay alive against Belfrey, highlighted by a walk-off home run by Michael Williams with one on to win the game, 7-6.

After the exciting victory over Belfrey, the locals' ensuing 10-4 win over perennial district power Paintsville to gain the championship proved anti-climatic.

To gain the final round, Morgan posted a 10-2 win over Fleming Neon, a 10-1 win over Prestonsburg, and a 5-3 victory over Belfrey.

For the tournament, the Morgan All-Stars hit a blistering .431, earning 10 walks and hitting five home runs. Mikey Whisman contributed with some nice bunts and Braxton Patterson set the tone in every game but one with a lead-off hit.

"We got a tremendous effort on the defensive side of the game through 33 innings of play," said Coach Easterling. "We made only five errors, and along the way witnessed some brilliant play from Braxton Patterson and Jamie Haney, and some good, solid outfield play." Patterson had six put outs from second base in the tournament opener with Fleming Neon, and Haney made four put outs from his third base position against Belfrey in the final game of pool play.

Catcher Mikey Whisman went the distance through 33 innings behind the plate. "Mikey turned in an extremely big effort keeping numerous balls in front of him and giving us the opportunity to keep some force plays on and helping us get out of some close innings," said Coach Easterling.

Projects seen as beginning of economic upswing

By Miranda Cantrell James

Renovation of the former Cortis and Margaret Stacy property (the former Pathways building on Prestonsburg Street across from Rite Aid) are nearing completion and the project is being viewed as the beginning of a countywide economic upswing.

Judge Executive Tim Conley said various local contractors are working to transform the lower level of the former Stacy residence into a county public transportation office, which will be operated by state transportation licensing agency LKLP (Leslie, Knott, Letcher and Perry counties) Community Action, Inc.

"U.S. Rep. Hal Rogers secured $600,000 in federal funds for the project," Judge Conley said. "This money was used to purchase the property and redo the house, office and sidewalks. This is just the beginning of many plans to revitalize West Liberty's downtown area."

The county's acquisition of the building also marks the first phase to provide expanded downtown parking, providing approximately 30 new parking spots that are now open for public use.

The former Cortis and Margaret Stacy residence on Prestonsburg Street (across from Rite Aid) is being renovated to house a public transporation office on the lower level. Plans for the upper floor of the building have not yet been announced.

Pictured above is a view of the new parking lot recently constructed behind the Stacy home. Thirty new parking spots have been created and are now open for public use.

"Contractors recently finished the new parking lot behind the Stacy home," Judge Conley said. "The lot is ready to accommodate the public, and will be convenient for those who want to go shopping, run errands or meet people in town." Conley said he hopes to eventually see a larger parking structure built near Commercial Bank in conjunction with a proposed new justice center.

Judge Conley noted that the justice center, which would accommodate county district and circuit court facilities, would be built near the current courthouse. Planning for the new building is steadily progressing and the Morgan County facility currently is fifth in line to receive funding on the state's new courthouse list.

According to the Administrative Office of the Courts (AOC) website, approximately $18 million has been earmarked for this project.

Local govt. can collect fines if electric lines not marked

A state law that took effect on July15 can help reduce accidents or outages caused by someone digging into a buried utility line, the Kentucky Public Service Commission (PSC) says.

The new law expands enforcement of existing statutes that require underground utility lines to be located and marked prior to most excavation or demolition activity. Under the new law (KRS 367.4917), local governments may collect fines from excavators who fail to arrange for proper marking. In the past, all such fines went to the state.

"By giving local authorities an incentive to identify violators, this law should significantly increase enforcement of and compliance with the before-you-dig statute," PSC Chairman David Armstrong said.

"Digging into buried utility lines can disrupt service to large numbers of customers and, int he case of electric or gas lines, be extremely dangerous," Armstrong said. "The PSC commends the General Assembly for sending a clear message about the importance of protecting underground utility facilities."

The new provision was included in House Bill 649, which was enacted earlier this year. House Bill 649 also provides for the designation of Kentucky 811 as the state's call-before-you-dig center.

The Federal Communications Commission last year selected 811 as the national number to call to have underground utility lines marked prior to excavation. Previously, most states had used 10-digit toll-free numbers unique to each state.

Kentucky 811 (formerly Kentucky Underground Protection Inc.) is a consortium of utility companies, local governments and others with an interest in preventing damage to buried utility lines. The PSC works closely with Kentucky 811 and regularly investigates accidents or outages caused by someone digging into a buried utility line.

Kentucky law requires that, in most cases, anyone using mchanized equipment for excavation must first call and request the marking of any buried utility facilitiies.

All major utility companies in Kentucky, along with small companies and municipal utilities, are members of Kentucky 811. There is no membership fee. Members pay a nominal fee for each request made Kentucky 811 for marking of their lines.

But owners of underground lines are not required to provide information on their location to the 811 call center and may establish their own their own notification and location process.

Thus, in some areas it may be necessary to make more than one phone call to obtain information about underground lines.

"The PSC is gratified that membership in the one-call center has increased since the implementation of 811 as the before-you-dig number," Armstrong said. "We strongly urge any owner of underground facilities that is not a number of Kentucky 811 to join immediately."

More information on Kentucky 811 can be found at www.kentucky811.org.

The PSC is an independent agency attached for administrative purposes to the Energy and Environment Cabinet. It regulates more than 1,500 gas, water, sewer, electric and telecommunication utilities operating in the Commonwealth of Kentucky and has approximately 100 employees.

Dealing with the extreme summer heat

Each year, more people in the United States die from extreme heat than from hurricanes, tornadoes, floods and earthquakes combined. During 1979-1998, a total of 7,421 deaths in the United States were attributed to excessive heat exposure.

On average, approximately 300 people die each year frm exposure to heat. This year, extreme heat is of particular concern because of the energy probelsm facing many areas of the country.

Air conditioning is the number one protective factor against heat-related illness and death. Brownouts that last a few hours will likelyhave little effect on people's health.

However, some pepole may be fearful of high utility bills and limit their use of air conditioning. Such action can place people who are already at risk for heat illness at increased risk. You can help by learning the warning signs of heat stroke and heat exhaustion, and checking on your neighbors frequently.

Something for Adam

Something a Christian might like to say on his or her final day...

One day you will read or hear that I am dead, but don't believe what they have said.
Because of the blood of Jesus and His amazing grace, I have only moved to Heaven —
What a wonderful place.
A word to my family and next of kin,
don't worry if you're a Christian — I will see you when your final race is run.
For me, I have run my final race and I have won,
Thanks to God the Father and his only Son.

Zach Bartley, who started on the mound in the championship game, pitched four innings, striking out seven, issuing four walks, and allowing four hits. Reliever Taylor Havens struck out two, issued six walks and allowed no hits.

In comments about the team on Monday. Coaches Easterling and Hammonds referred to their charges as "an outstanding bunch of young men; they were behind in a couple of games and had every opportunity to quit, but they never gave up or dropped their heads. They stayed positive and battled through every challenge."

Said Easterling, "I've had this group together since they were 9-10 year olds, with the exception of adding two great ball players in Jamie Haney and Joey Stamper to this year's squad, and I've got to say that they are a very special bunch of kids that work hard, play hard and believe in themselves and what they do."

"This is our second trip to the state tourney, one as 9-10 year olds and now the first-ever team from Morgan County to advance to the state 11-12 year old division. I can honestly say these young men will represent Morgan County well."

The coaches extend their thanks to all the parents and the many fans who come out to root the boys on. Also to Tim Conley and the Kiwanis Club for helping supply burgers and hot dogs for the families while at the field, and Keith Burton for grilling all the food; Jimmy Darrell Easterling for taking the team and parents to Pizza Hut after winning the pool round at Paintsville; Mike Adkins for taking the team and parents to Pizza Hut following the championship game.

And a special note from the coaches: "A special thanks to the best group of parents a coach could ask for, because if it weren''t for them, none of this could happen, and a very special thanks to Kim Ison and the legendary Don McKenzie."

continue to be maintained by the fiscal court," Judge Conley told *The Courier* last April. "There would only be a courtyard separating the old and new facilities. This is a great opportunity to grow with the new, and also take care of our history."

Also promising for Morgan County's economic outlook is BAT Medical Network — the brainchild of entrepreneurs Barbara Howard, of Breathitt County, and Tammy Conley, of Morgan County — a revolutionary electronic medical records firm that will open in West Liberty next month.

The company, headquartered in the former Blair Wholesale building on Glenn Avenue, will offer a variety of services — including personalized medical record services — through state-of-the-art electronic cards and ultra-modern computer screens installed at all nine ARH hospitals in Kentucky and West Virginia.

Judge Conley, husband of Tammy Conley, said BAT Medical Network will initially bring 20 jobs to Morgan County with the prospect of additional positions.

"BAT Medical Network is a product of Eastern Kentucky minds," Judge Conley said. "This will be a homegrown company with a vested interest in local and surrounding communities. I'm very excited about this opportunity to help improve the quality of life for the next generation."

Numerous tourism activities are also planned this fall to bolster the county's economy, including a Civil War living history presentation, and several chartered bus tours through Morgan and surrounding counties in cooperation with Foothills Eco-Agri Tourism (FEAT).

The Civil War program, presented by the Sons of Confederate Veterans Morehead chapter (Fifth Kentucky Infantry Company E), will take place the week before the Sorghum Festival at the West Liberty soccer field.

"This program will focus on the Civil War in Morgan County," Judge Conley said. "This will be a very interesting presentation that will give us a chance to learn more about our local history. If this event is a success, I hope that West Liberty will eventually host a full Civil War reenactment."

The chartered bus tours will be conducted by Shockey Tours, a Louisville travel firm, which may host up to 30 tours annually through the FEAT counties of Carter, Elliott, Menifee, Morgan and Wolfe following a trial excursion the first week of October.

"The initial tour is expected to bring approximately $30,000 into the five counties," Judge Conley said. "If that trip is a success, we could schedule around 25-30 more tours each year. The tours will be guided by local historians and civic leaders, and will take participants to various Morgan County landmarks."

The 38th Annual Sorghum Festival, a three-day autumn tradition, is currently in the planning stages. Sorghum Festival Committee members will release details of new events and activities at a later date.

"Morgan County government is committed to promoting economic development," Judge Conley said. "We will explore every avenue to help our county prosper. I am looking forward to watching these events unfold and I want to thank everyone involved for their efforts."

Applications for Crop Disaster Pgm. sought

The Farm Service Agency has announced that eligible farmers who suffered quality losses to their crops in recent years can now enroll in the Crop Disaster Program 2005-2007 (CDP) at local FSA service centers.

Only producers who obtained crop insurance coverage or coverage under the Noninsured Crop Disaster Assistance Program (NAP) for the year of loss will be eligible for CDP benefits. Producers must have suffered quality losses of at least 25 percent to be eligible for CDP Quality Loss. The payment rate is set at 65 percent of the amount of the affected crop multiplied by 42 percent of the per-unit average market value in the year in which the loss occurred.

To be eligible for Quality Losses, producers must submit receipts that contain all three of the following items: Price, Production, and Quality affected. Quality losses must be due to an eligible disaster condition.

Producers may receive assistance for both quantity and quality losses. However, the total quantity and quality assistance, together with any crop insurance or NAP payment received for the same crop and the value of the crop production not lost, must not exceed 95 percent of the total value of the crop absent the disaster.

For more details about CDP Quality loss, contact your local FSA Office or Service Center.

The Judge's Corner

By Tim Conley
Judge Executive

Hello from Judge Tim Conley and staff:

In the county judge's office, we are always trying to improve county government. By working locally with state and federal government, we strive to do everything we can locally for improvement and growth of Morgan County. We were able to secure $600,000 from U.S. Rep. Hal Rogers to begin the process of parking and public transit for Morgan County.

The house across from Rite Aid has been remodeled with this grant. This will be a welcome addition to our county. In the near future, it will serve as a public transit office. Currently, it is serving as a public parking lot.

No county monies have been used for this project. However, several local companies were able to work on this project, which has helped employ our people.

As you are aware, the jail cost for each county in the state is depleting county budgets. The magistrates, county judge, jailer and law enforcement have no control over the skyrocketing cost. The state requires the county to pay jail costs when a prisoner is locked up. We are responsible for the housing until they are released or convicted of a crime.

The Kentucky Judges Association is in the process of suing state government, so as the state will take care of their own inmates. Across the state, local state representatives and senators support us in the fact that this is a burden on general funds locally. They have vowed to help local governments in this important endeavor.

If the state had control over the jail cost, this would mean about $300,000 annually in Morgan County's general fund. This would also be a tremendous help for all counties.

As always, if you need me, call me at 743-3897, write to Judge Executive Timothy Conley, 450 Prestonsburg St., West Liberty, KY 41472, or e-mail mcfc.tc@gmail.com.

In an article in last week's Courier about two Morgan County High School students participating in the Pepsi Junior Golf Tour and the East Kentucky Junior Golf Tour, Josh Perry was mistakenly identified as John Perry. Our apologies for the error. Josh Perry, along with Colby Jones, is playing in golf tournaments in various cities across the state this summer. At the Sandy Creek Golf Course, in Ashland, Colby earned 5th place out of 50 participants. Both Perry and Jones will be senior members on the Morgan County High School Golf Team this year.

GOD OUR MAKER

Every tree upon the mountain side is numbered, at the gentle breath of God, their branches move. When the heart of God is touched, the tears start falling, to this earth they fall, through clouds of white and blue.

He made the rocks, He made the trees, tell me who but God can do such things as these? He makes the clouds, He makes the rain. He is great and He is worthy of our praise.

My God can take a hopeless life that's torn by sin, in exchange He gives sweet peace and joy within. How He does this I could never fully tell. But I know, when God performs He does things well.

The word "hurrah" was first used as a battle cry.

Some people believe that if a man died fighting for his country, he went to Paradise. So they shouted, "Hurrah!" It meant, in the Solvak tongue, "To Paradise."

But it's not fighting for a purpose that saves. It's faith in a Person – Jesus.

Christ was crucified with two criminals. One said, "So You're the Messiah, are You? Prove it by saving Yourself – and us."

But the other prayed, "Jesus, remember me when You come into your kingdom."

"Today," replied Jesus, "you will be with Me in Paradise."

Have faith in Jesus, won't you?

Big Beet!

Sheila Stacy, of Daysboro, came by The Courier Office, in West Liberty, recently with this huge beet grown in her garden by Blackie Smith and Sherman Smith. It is of the Detroit Red variety, and did not receive any special care. They sowed the beet seed, fertilized and kept them cultivated. There were several other large beets harvested, but nothing to compare with this one. It weighed 3 pounds and was 18 inches around!

Even a bird brain won't befoul it's own nest!

So how smart does that make you when you throw trash out on the side of the road?

Emphasis will focus on enforcing violations of the speeding, seatbelt, child restraint and impaired driving laws as well as other violations of the traffic laws of Kentucky.

A Japanese magazine came out with a butterfuly on a page. It was a dull gray. But touch it with your hand, and it is transformed into a rainbow of color.

David was like that. He was a shepherd. His life was a dull gray. But the Lord touched him. He became a poet and wrote the Psalms. They glow with glory.

Moses was like that. At 40, he was a murderer, hiding in the desert. His life was a dull gray. But the Lord touched him. He became a deliverer.

Is your life dull? Call on the Lord. His touch will transform you life into a flashing rainbow of color.

Clinical respiratory services provided by St. Claire HME

St. Claire Regional Home Medical Equipment has announced its newest service, **Clinical Respiratory Services** (CRS). According to Joint Commission standards, this service is defined as the provision of health care services by respiratory therapists or other health care professionals, in conjunction with the provision of HME by the same organization. This includes, but is not limited to, performing assessments and testing, administration of treatment, medication administration, provision of education, and/or monitoring the patient's respiratory status.

"St Claire Regional HME can now provide its patients who already have respiratory equipment, such as home oxygen, these added services," stated Steve Muse, SCR HME Director.

St. Claire Regional HME offers Clinical Respiratory Services free of charge to all patients by physician order. Although these services are especially important for some new respiratory patients, any respiratory patient can be seen by the CRS staff if their physician agrees.

St. Claire Regional HME Clinical Respiratory Services are provided by three licensed Respiratory Therapists. Maria Hughes, RRT is the Clinical Respiratory Coordinator, and she works closely with Michael Bradley, CRT, CPFT and Randall Robinson, RRT in providing respiratory services.

"Respiratory services currently provided in the home are Home Oxygen, CPAP/BIPAP, Nebulizer Therapy, and Suction Machines," said Hughes. "We provide quality service to all our patients within our nine county service area."

Currently, St. Claire Regional HME provides home medical equipment and supplies for patients/customers who want and need to live at home. HME services help make it possible for the patients to do this. HME provides hospital beds and accessories, bath aids (bedside commodes, transfer benches, shower chairs, etc.) ambulatory aids (walkers, canes, crutches) wheelchairs, incontinence supplies, wound care supplies, supplemental feedings, and much more.

"As you can see, St. Claire Regional HME is committed to providing quality service to the people within the communities we serve. Call us if you need any medical equipment, supplies, or any of our Clinical Respiratory Services," Muse said. "We are always ready to assist you and your family."

For more information about HME's Clinical Respiratory Services or any other HME-provided service, call 606-784-6747 or toll free 1-800-264-0616.

How to protect your skin from extreme summer heat

Extreme heat can cause several dangerous skin problems, including sunburn and heat rash. Here are some tips to protect your skin this summer:

Sunburn

Sunburn should be avoided because it damages the skin. Although the discomfort is usually minor and healing often occurs in about a week, a more severe sunburn may require medical attention.

Symptoms of sunburn are well-known: skin becomes red, painful and abnormally warm after sun exposure.

Consult a doctor if the sunburn affects an infant younger than one year of age or if fluid-filled blisters or severe pain are present.

Remember the following tips when treating sunburn:

• Avoid repeated sun exposure.

• Apply cold compresses or immerse the sunburned area in cool water.

• Apply moisturizing lotion to affected areas. Do not use salve, butter or ointment.

• Do not break blisters.

Heat Rash

• Heat rash is a skin irritation caused by excessive sweating during hot, humid weather. It can occur at any age, but is most common in young children.

Heat rash looks like a red cluster of pimples or small blisters. It is more likely to occur on the neck and upper chest, in the groin, under the breasts and in elbow creases.

The best treatment for heat rash is to provide a cooler, less humid environment. Keep the affected area dry. Dusting powder may be used to increase comfort, but avoid using ointments or creams. They keep the skin warm and moist, and may make the condition worse.

Treating heat rash is simple and usually does not require medical assistance. Other heat-related problems can be much more severe.

Thank you from Mike Havens

Mike Havens

I had the honor of performing at the thirteenth annual Old Mill Bluegrass Festival, in West Liberty, this past weekend. Last Thursday my band and I performed at Mountain Telephone's Annual Meeting, held in Campton, and on Friday we took part in a festival at Jenkins, Ky.

I'm very thankful to have had the opportunity to perform and share my music with my hometown audiences as well as those at a distance. Many thanks to Old Mill Festival committee, the sponsors who make this festival possible, the many fans that were there, and all those that came by our record table to visit and purchase photos and CDs to take home with them. Thanks also to The Licking Valley Courier for their continued support.

Thank you, Mountain Telephone, for the allowing us to perform during the Annual Meeting, and to all that came there to see us. I appreciate all of you.

My deep appreciation to my wonderful band that share in my dreams and makes my music come to life with their talented playing and singing... Debi Horton, Michelle Wallace, Shirley Siem, Mike Wilson, and Keith Prater; to Mark "Hobo" Jackson and the Guys at Mize for their constant support.

Blue Mountain Grass will be performing at 7 p.m. Thursday, Aug. 14, at Campton's Music In The Park. Hope to see everyone there.

--Mike Havens

Thank You!

The thirteenth annual Old Mill Bluegrass Festival is now history. In spite of a drenching summer shower on Saturday afternoon and a slow rain Sunday, fans came from far and near to hear top notch performances by every band that graced the stage during the two-day event.

There are so many thank yous to be conveyed that printing deadlines didn't permit enough time to prepare a complete list, so at this time we're just going to say a great big thank you to everyone that had a part in any way in helping to make this one more very successful festival in Old Mill Park... thank you for everything!

Stanton Forest Service office is now closed

The Stanton office of the Daniel Boone National Forest permanently closed to the public on Thursday, July 3. The decision came after months of organizational restructuring by the Forest Service to increase efficiency, reduce operational costs and streamline the program of work with agency-wide initiatives.

Some of the Forest Service employees who worked at the Stanton office were relocated to the nearby Gladie Cultural Environmental Learning Center. On July 7, Gladie became the contact point for the public regarding information about the Red River Gorge area. The Stanton facility will be retained as an employee work center where several employees will continue to report to duty.

In October 2005, the Stanton District of the Daniel Boone National Forest was consolidated with the Morehead District and renamed the Cumberland Ranger District. Both the Morehead and Stanton offices remained open tot he public. However, in comparison to the Morehead office, which receives an estimated 12,000 to 14,000 visitors per year, and the Gladie Center, receiving nearly 30,000 visitors in a seven-month period, the Stanton office was receiving only 360 visitors per year.

"The Daniel Boone National Forest remains committed to serving the Statnon community," said Forest Supervisor Jerome Perez. "By having more employees located at Gladie, and by extending our business hours at this location during peak times, the public will be better served where most visitation occurs."

For more information, the public may call the Gladie Center at 606-663-8100 from 9 a.m.-5:30 p.m. each day. Correspondence formerly going to the Stanton office should now be directed to Gladie at 3451 Sky Bridge Rd., Stanton, KY 40380.

F.O.P. seeking signatures in bid to represent law officers

Members of the Kentucky Fraternal Order of Police (F.O.P.) are challenging the American Federation of State, County and Municipal Employees (AFSCME) to represent state law enforcement employees, including Corrections employees, on the Governor's Employee Advisory Council (GEAC).

Gov. Steve Beshear reinstated a 2001 executive order issued by then Gov. Paul Patton forming the GEAC. Established by Patton to give state employees in non-supervisory positions an opportunity to be heard through a representative labor union, the GEAC does not provide for collective bargaining.

In 2001, AFSCME was selected as the labor organization to represent law enforcement departments, excluding the Kentucky State Police, on the advisory council. Gov. Ernie Fletcher abolished the GEAC when he took office in 2003. Gov. In his campaign for governor, Beshear promised the labor organizations supporting him to reinstate the GEAC.

Kentucky's F.O.P. believes state law enforcement personnel should have an opportunity to select the organization that represents them on the council. The FOP, which has represented law enforcement officers in Frankfort since 1942, must get 30 percent of state law enforcement personnel to sign authorization for representation cards to become eligible to challenge AFSCME in an election for the right to represent enforcement officers on the state council.

Officers from F.O.P. Barkley Lodge from Eddyville were in Elliott and Morgan counties Monday and Tuesday talking with Corrections employees at the Little Sandy and Eastern Kentucky Correctional Complexes and distributing authorization cards.

The F.O.P. has until the end of August to secure the approximately 1,500 signatures needed to become eligible to call for an election.

Lenox

By Estelle Caskey

July 14--Miss Erin DeHart, of Lexington, visited over the Fourth of July weekend here with family members including Mr. and Mrs. Dallas Barker, Mr. and Mrs. Joey Bates and Jessie, and Estelle and Louise Caskey.

Mrs. William (Bill) A. Davis, Jr., of Xenia, Ohio, spent the Fourth of July weekend here visiting with friends and family members, including his sisters, Ruth Wells, who was visiting from Pikeville, and Estelle and Louise Caskey.

Estelle and Louise Caskey visited last Tuesday with cousin, Terry Elam, who is a patient at ARH and his condition is reportedly improving.

Mrs. Frances Vance, another cousin, is reportedly improving after a bout with her sinuses.

Frankie Adkins was a recent afternoon visitor of Estelle and Louise Caskey.

Mr. and Mrs. Joey Bates and Jessie had business in Mt. Sterling and Lexington last Thursday.

Miss Jessie Bates visited over the weekend with her sister in Lexington, Mr. and Mrs. Shawn Vance.

Mr. and Mrs. Dallas Barker were weekend guests of their daughter, Mr. and Mrs. Andy Spencer, of Columbus, Ohio.

Estelle and Louise Caskey visited last Sunday afternoon with friends at the West Liberty Nursing Home and Rehabilitation Center including Mrs. Ruby Caskey, Mrs. Bernice Craft, Mrs. Rosa Ison, Mrs. Geneva DeHart, and Mrs. Viola Stevens. Our best wishes to them and all others for bright days of sunshine and feeling well.

Mr. and Mrs. Rick Helton visited last Saturday with Estelle and Louise Caskey.

Our deepest sympathy is extended to all who have lost loved ones.

Household Hints

• Easy to remove skins from potatoes and tomatoes. Pour boiling water over them and let stand 5 minutes and the skin will be easily removed.

• Store eggs on the shelves of the refrigerator rather than the door. They will stay fresher longer.

• To remove stains on white porcelain sink or kitchen counters, place bleach soaked paper towels over the stains and let it sit for about an hour and the stains will disappear.

• To stop hair static or frizz, spray a small amount of hair spray in your had and pat lightly over your hair.

• Drink a small amount of jello water to curb diarrhea.

THINK ON THESE THINGS

If you are ever plagued with doubt, and question whether God's about, try thinking on some simple things; you'll be surprised the peace it brings a sleeping child, a summer's day, a puppy, awkward in it's play, the clean, washed air that follows rain. A diamond frosted window pane, and apple tree all pink and white, the stillness of a starlit night, a fire crackling on the hearth. The smell of freshly spaded earth, a trail you knew once long ago, picket fence high-capped with snow. A song your mother used to sing... why you can pick most anything and you will find your answer there. It's still God's world, He's everywhere.

Double cucumber

Larry Barker, of Sheepskin, in Elliott County, stopped in The Courier Office, in West Liberty, recently to show this unusual cucumber he grew in his garden this season. The two cucumbers were perfectly formed but had grown together up and down the side... Siamese cucumbers, maybe! Mr. Barker, a longtime gardener, said this was the first time he had ever grown cucumbers like this.

Red Bird Mission topic of Margaret Stacy Circle meet.

The Margaret Stacy Circle enjoyed a wonderful program on Tuesday, July 1, 2008, on the Red Bird Mission, which is located in Beverly, Kentucky.

The mission is sponsored by the United Methodist Church and it has a school, medical and dental clinics, community outreach, craft shop, economic opportunities, and housing improvement for the community.

Karen Medendorp presented the program since she and her husband, Joel, worked there for 10 years before moving here. We watched a video and Karen brought crafts that came from the craft shop at Red Bird Mission. She also told us about the volunteers that come every summer to help repair and build homes for needy families in the community. This is a very poor area in south eastern Kentucky so the mission and the community appreciates the volunteers and donations to keep these programs going. The crafts are made by people who live in the area.

The Red Bird Mission is a very important part of this community and it has plans to keep improving the lives of the people in this area. A very good program.

The devotion was from the "Upper Room". The thought for the day was no matter how unknown our surroundings, how uncertain the seas beneath us or the sky above, the Light of the world is right beside us to lead us, close-up."

We discussed several things in our business meeting and then Lori Keeton gave us information on the "Sonshine Kids" consignment sale we plan to have at the church on Friday, Aug. 1, and Saturday, Aug. 2, to benefit special projects for the circle.

Those attending the meeting were Lori Keeton and Carolina, Jonell Tobin, Judy Elam, Karen Medendorp, Anita Hunley, Brenda Smith, Barbara Ison, Jeanene Jett, and Bev Bell.

Jeanene Jett said the blessing before we enjoyed refreshments that Bev Bell prepared. Thank you so much, Bev, for all that you do. Thanks to Jeanene too, for always giving a helping hand.

We hope everyone has a great summer!

Memory Hill & Roundabout

By Hazel B. Craft

July 14--Greetngs from Memory Hill. things are as usual around here. Still busy as ever. My health continues to improve. I go back this coming Thursday to my cardiologist. Recently I paid him a visit. He told me I would soon be admitted to the Saint Joseph East Hospital to have a pacemaker installed. I go back to the doctor this ciming Thursday for an appointment--don't kow is I will be admitted at that time or later. Anyway, I know I have made a big improvement--can walk as fast as anyone. But I still use my walker.

I didn't go to church the past Sunday. Mary Stamper, Deborah, and I had planned to go to the little church where Tim Porter is the pastor. That had to be omitted because Deborah had just been released from the hospital with akidney infection. She spent two days at the hospital at Morehead. Thankfully she is better now.

I hear of so many deaths and illnesses. Best of wishes are extended to the bereaved and the shutins.

Recently I had a letter from my sister, Georgia, at Grant Park, Illinois. She was in a mobile home close to where Sophie Blevins lived--now her son, Gary, lives there. She said the Nazarene Church where Sophie belonged recently had a memorial service for her. Georgia said it was a nice service. Georgia also said she planned to pay a visit to Memory Hill in the near future. She and Joy are the remaining ones in my family. I sure treasrue them a lot--just wish we lived closer together. Georgia said that our niece, Patty Pulliam, and her husband, Tom, of Texas, are doing ok, but had a rough time a year or so ago. She said Patty was back at work. Georgia also said that my nephew, Leon Long, and his sister, Nellie, both have serious health problems. They are my sister, Dessel's children as is Patty. She said Leon's son and his wife are soon expecting a baby. Leon still lives at Pierceton, Indiana, close to where Dessel lived. He now owns Dessel and Bob Long's place. Georgia also said that she sure would like to visit our relatives in that section of Indiana where many of them are buried in Elna, Giles, Pierceton and Columbia City cemeteries.

I also had a nice letter from Joy Anderson Pisciotto, of Westchester, Illinois. She sent a nice donation for the cemetery. Thanks Joy. Her mother, Nellie Bach Anderson, and her dad, Noah Anderson, are both buried in the Memory Hill Cemetery. Joy said to tell all her relatives and friends at Caney hello. She and Georgia always loved Morgan. In fact Joy graduated from the Cannel City High School a short time before the high school was terminated--only nine grades remained after the high school was taken to West Liberty. My daughter-in-law, Tammy Craft's father was in her class. Joy takes the Licking Valley Courier and reads every word in it. She sent me some news. She said that about the time her sister, Christine Anderson Hill, died that Ellis Morris' son, douglas E., died of cancer. He was in his early fifties. He was married and had two daughters. He is buried in the cemetery where Sam Fugate is buried. She also said that Faye Williams Elam (Myrtle Morris' daughter), had died. She was buried by her husband somewhere in Ohio. Joy also said that Fern Morris called her to report that her son-in-law, Ron Rominez (Debbie's husband) had died. He had a liver transplant a few years ago. He was buried in the Holy Sepulcare Cemetery, in Chicago. He died in a hospital in Joliet, Illinois. He had fallen and did much damage to his shoulder. He was only in the hospital four days. Joy also said that her son-in-law, Wally, had spent two weeks in June on the Navy's hospital ship--the Hope--on duty in the Atlantic outside of Charleston, South Carolina. Said he was there on his birthday.

Thanks, Joy and Georgia, for your news.

I asw in the paper where Jason Edro Arnett had received his Bachelor of Science degree from Alice Lloyd College where I received my teachers certificate in 1937. I loved that little college and encourage people to go there. My, the precious memories I have of this college. i loved it and am more thankful as I grow older that I had a chance to go there and a chance to meet Mrs. Alice Lloyd. She had a great influence on my life. If anyone is interested in attending Alice Lloyd College, I will be happy to go with you to the college and recommend you. Jason is the son of Kathy Arnett, of Salyersville, and Paul G. Arnett, of Ashland, Ky.

I want to thank each and every visitor tha recently visited Memory Hill. Recently several that had connections with the Bach family were here. I love being in this family and enjoy it more every day.

Junction News

By Kathy Bolin

July 14--Greetings from the Junction.

I'm back!! I had a good time in Ohio. My sister was a little whinee at times, but on the heal.

I thought that when I returned home I would have a few weeks to clean my ouse and garden before returning back to work in August. Wrong!! On Friday I went up to the cemetery where my son is buried to take flowers off the grave so that Delaine Cantrell and Ethel Bolin could mow. I stepped into a hole and down I went. I am now sporting around with a cast on my leg. It's broken, and I dislocated my pinky finger. So I'm back to the couch to sit a few weeks longer.

I read in last week's paper that Janis Williams lost her husband. My condolences go out to Janis and Randy.

Annaleen Robbins asked if I would thank everyone that helped in the auction and who helped in the funeral and his care. Charlie passed away 7 weeks after being diagnosed with cancer.

The Montgomery family had their cemetery meeting week before last and this coming weekend they will be having their family reunion. Brother Bill Montgomery and family will be coming in from Texas and sister Phyllis Beasley has been here for a while and is staying with Clyde and Sally Montgomery.

Henry and Chassie Bailey have a new great grandbaby. Heather gave birth to Isaiah. Papaw Gooner is proud as a peacock.

I have a belated birthday I mised while gone to Ohio. One of my favorite guys, Mo Gullett, who turned a Sweet 16. Mo is the son of my cowboy friends, Jerome and Lisa Gullett.

Well gonna close. Talk with you next week.

TRUST HIM

There is one who if we trust Him guides our life o'er swelling tide. He came down on earth to save us, on the cross for us He died. Trust Him now, accept thy Saviour, for but He can sin atone. Trust Him, and when twilight cometh, He will not leave thee alone. Trust Him while thy life remaineth. He will gladden all thy days. Trust Him and for mercies given, ceaseless sing His glorious praise.

Baseball Cats Still Swinging

While basketball and football grab the majority of the headlines at the University of Kentucky, the sport of baseball has more than held its own in the past several years. The Wildcats have been ranked as high as second in the nation (2008) and won a Southeastern Conference Championship (2006).

Collin Cowgill and Sean Coughlin were instrumental in UK's success and continue to put up impressive numbers on the professional level. In his first week as a pro, Cowgill had three homeruns and nine RBIs to earn minor league player of the week honors. A week later, Cowgill belted three homers in a win over Spokane to give him 10 homeruns in his first 15 games.

Last Thursday, Cowgill joined Coughlin with the South Bend Silver Hawks (Arizona Diamondbacks) and it was just like old times. Hitting in the three and four spots in the order, the duo combined for four hits and as many runs scored. Coughlin enjoyed a career day with two homers and seven RBIs, including a grand slam in a 10-2 win over Quad Cities. For the season, the all-star catcher has 28 extra base hits and 55 runs knocked in.

Couglin and Cowgill are not the only former Cats tearing the cover off the ball in the minor leagues. Another former All-American, Sawyer Carroll, is hitting .414 with the Eugene Emeralds (San Diego Padres) of the Northwest League. Carroll leaves the league in total bases and RBIs, while posting a .704 slugging percentage.

Of course, all this should come as no surprise considering Carroll led the SEC with a .419 batting average this past season. The lefty reached base safely 62 times in 63 games, hitting 19 homers and driving a school-record 83 runs.

Carroll was a supplemental third round pick by the Padres in the Major League Draft. Cowgill was taken in the fifth round while Coughlin went in the 13th.

Hockey standout Emily Elliott, above, also excelled in track and field at Natrona County High School in Casper, Wyoming; to play hockey for St. Michael's College in Burlington, Vermont.

Young athlete with Morgan ties earns academic honors, hockey scholarship

Emily Elliott, 18, daughter of Morris and Shelia Elliott of Casper, Wyoming, has accepted a scholarship to play women's hockey for St. Michael's College in Burlington, Vermont. Her father is a 1968 graduate of Morgan County High School in West Liberty.

St. Michael's is a private liberal arts school that plays in the East Coast Athletic Conference with a schedule that includes Holy Cross, Sacred Heart, and MIT.

Emily has been a defenseman for Colorado Select AAA team for the past four years, during which the team advanced to the National Finals each year, including last season when the team finished third in the nation in Philadelphia.

A May graduate of Natrona County High School in Casper, Emily is an Honor Student with distinction in the field of arts and science. She earned a 3.5 GPA throughout high school while taking International Baccalaureate and Advanced Placement courses. She was one of only 78 other students who graduated in the top 10 percent of her class 2008 class of approximately 780 students. She earned an academic scholarship awarded by the Colorado Select Girls Hockey organization each of the past two years.

Before settling on St. Michael's, she was recruited by Holy Cross, Adrian, St. Benedict, and the University of Wyoming for ice hockey and academics.

In addition to hockey, Emily was named outstanding junior track and field member of the Natrona County High School Mustang squad and her 4x400 relay team broke long standing school records.

In addition to other other accomplishments, Emily earned a University of Wyoming Trustees' Pride Student Award Scholarship and a President's Promise Scholarship, and was inducted into the Quill and Scroll Society for Journalism for authoring portions of the yearbook and earned the Teenage Ninja Editorial Award for her writings in the school newspaper.

This smart and talented student is a niece of Denzil and Scotty Elliott and Barletta Sheets and granddaughter of the late Curtis and Eva Elliott, all of West Liberty. Another uncle, Larry Elliott, lives in Paris, Ky.

GOD OUR MAKER

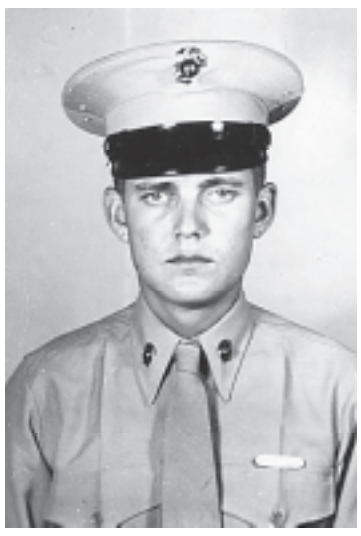

Every tree upon the mountain side is numbered, at the gentle breath of God, their branches move. When the heart of God is touched, the tears start falling, to this earth they fall, through clouds of white and blue.

He made the rocks, He made the trees, tell me who but God can do such things as these? He makes the clouds, He makes the rain. He is great and He is worthy of our praise.

My God can take a hopeless life that's torn by sin, in exchange He gives sweet peace and joy within. How He does this I could never fully tell. But I know, when God performs He does things well.
